PROFILE

Third-year Computer Science student at AIUB and aspiring Frontend Developer. I have been programming since 2021 and enjoy building fast, responsive and user-friendly web interfaces with React, Next.js and Tailwind CSS. Looking for a frontend internship to grow alongside a team.

EDUCATION

American International University Bangladesh (AIUB) 2024 - Present
Computer Science | Currently in 3rd year

Dhaka Residential Model College 2022 - 2023

Monipur Uchcha Vidyalaya and College 2019 - 2021

SKILLS

Frontend	HTML5, CSS3, JavaScript, TypeScript, Tailwind CSS, React.js, Next.js
Tools & Platforms	Git & GitHub, Linux, Vercel
Fields of Interest	Frontend Web Development, Responsive Design, UI / UX Design, Web Applications

PROJECTS

FitLog Next.js, React, TypeScript, Tailwind CSS, DaisyUI
Workout library web app: browse twelve lifts, view exercise details, build today's plan and save favourites.
Live: https://fitlog-rosy-eta.vercel.app/ | Code: https://github.com/ZarzisAhmed/fitlog

Simple Dice Roller HTML, CSS, JavaScript
A one-click dice roller built with vanilla JavaScript to practise DOM manipulation and event handling.
Live: https://zarzisahmed.github.io/Dice-Roller/ | Code: https://github.com/ZarzisAhmed/Dice-Roller

Tech Conference Landing Page HTML, CSS, Figma
Professional landing page designed in Figma and built as a responsive page with HTML and CSS.
Live: https://zarzisahmed.github.io/assignment-1/ | Code: https://github.com/ZarzisAhmed/assignment-1

EXPERIENCE

No professional experience yet. Learning by building: developed and deployed web projects with HTML, CSS, JavaScript and Next.js, and actively practising with React, Tailwind CSS, Git, GitHub and Linux.

INTERESTS

Fitness, playing guitar, reading self-help books.
